

VITRIFIED CERAMIC SANITARYWARE

EDITION 2025

◆ BELAVIT

Master Collection *2025*

A complete range of vitreous china sanitaryware — where considered form meets exceptional, water-wise performance.

BELAVIT.STORE

OUR PHILOSOPHY

Great design is the harmony of form, function, and the environment.

Founded in 1998, Belavit grew from a family of builders into one of the region's most trusted names in vitrified ceramic sanitaryware. What began with a single kiln is today a modern production facility serving homes, hotels, and large-scale projects in more than forty countries.

Our purpose has never changed: to craft sanitaryware that is beautiful to live with, faithful in performance, and gentle on the planet.

WHAT WE STAND FOR

Three principles, *one discipline.*

01 Form

Clean, contemporary silhouettes drawn to feel calm in any space — from compact apartments to flagship hotels.

02 Function

Rimless bowls, powerful low-volume flushing, and durable glazes engineered for everyday life and easy cleaning.

03 Environment

Water-wise design and responsible production that reduce consumption without compromising performance.

SUSTAINABILITY

Designed to *use less.*

Water is the heart of everything we make — so we treat it with respect. Our fixtures deliver a clean, confident performance using a fraction of the water of older designs.

◆ Water-wise flushing

Dual-flush and low-volume systems cut water use on every cycle, without sacrificing power.

◆ Rimless hygiene

Open, rimless bowls rinse completely and leave nowhere for grime to hide — cleaner with less effort.

◆ Built to last

Hard, high-fired glazes resist scratching and staining for decades — the most sustainable product is one you keep.

◆ Responsible production

Recovered process water and optimised firing reduce waste and energy across the factory.

CERTIFICATIONS & DOCUMENTS

Made to *standard.*

Belavit products are manufactured and tested to recognised international quality, safety, and environmental standards. Full declarations of performance are available on request.
